3Q has been providing a powerful and robust SaaS platform for video streaming for more than 15 years.

We are a reliable partner for our customers and specialists in streaming technology and high availability. We deliver live and on-demand content for leading content providers using a fully self-developed and operated platform. Integrations with CMS systems and third-party platforms, as well as innovative features give our customers real competitive advantages. With a smart and intuitive user interface and our German-speaking support, we make a difference that brings tangible benefits to our customers.

To support our development team, we are looking for a:

Frontend Fullstack Developer (m/f/d), Full-time, With focus on frontend

What we want to achieve with you

- Expand our platform in a sustainable and scalable way
- Implement exciting market-leading features

Your tasks

- Support our highly motivated development team
- Realization of new platform features, from design to implementation and quality assurance
- Frontend development (React, HTML5, CSS, Typescript)
- Backend development with the PHP framework Symfony

What you offer

- A degree in computer science, comparable training or relevant professional experience
- More than 3 years of professional experience
- A high ability to work in a team and strong communication skills
- Willingness to take on a lot of personal responsibility for features or products
- You know PHP very well and already have experience with the Symfony framework
- You write clean, maintainable code and documentation
- You are familiar with databases and ORM (e.g. Doctrine)
- Standard-compliant web development (HTML5, CSS3, Typescript) is your home
- You have experience with Docker and Kubernetes
- Experience with video streaming, video transcoding and/or video management is an advantage
- High willingness to learn new tools and technologies
- Fluency in English and German (B2)

What we offer

- Freedom to make decisions and individual responsibility
- Flexible working hours
- Possibility to work from home
- Supplementary health insurance
- Company pension scheme
- Locations in Munich (head office) & Berlin
