

For more than 10 years 3Q has developed and operated a robust and high-performance SaaS platform for video management and streaming.

We are specialists in streaming technologies and high availability. Using our in-house platform, we broadcast live and on demand content for leading content providers worldwide. With full GDPR compliance, innovative features, multiple system integrations, an intuitive UI and customer support based in Berlin, we are a trusted partner for our customers.

To support our strategy of sustainable growth, we are searching for

Livestream Operator (m/f/x) – Fulltime

What we want to achieve with you

- Build a team of highly competent livestream operators
- Provide a complete livestreaming solution, from capture to playout

Your Tasks

- Planning and realization of livestreams and live video productions
- Advising our customers on livestreaming
- Maintenance and expansion of our livestreaming hardware

What you offer

- A completed apprenticeship as a media designer (image and sound) or comparable
- Relevant experience with live video productions and live streams (as operator)
- You are familiar with at least one streaming software (e.g. vMix, OBS, Wirecast).
- You are familiar with the most common streaming and player technologies and know the terms RTMP, HLS, RTSP, CC, and latency.
- You have a confident manner in contact with customers
- You are organized and can manage a livestream with multiple independent parties (production, camera team, etc.) to coordinate
- High willingness to travel as well as a valid class B driver's license
- Fluent German and good English skills

What we offer

- a young and highly motivated team
- the space to introduce and implement your own ideas
- flexible working times
- friendly working conditions (e.g. free coffee and other drinks in the office, flexible home office policy, and much more)
- Offices in Berlin & Munich
